ACCELERATING TOMORROW'S ENERGY TODAY

About Mazrui Energy Services

For more than 50 years, Mazrui Energy Services is the partner of choice in the Middle East's conventional and renewable energy markets through its operating businesses and joint venture agreements.

Based on long-term partnerships with customers, our operating business model is built on close collaboration, providing innovative solutions centered around local manufacturing, in-country value, quality service and operational efficiency across our diverse disciplines.

As a business development platform, Mazrui Energy Services helps discover strong technical partners and principals to introduce new services or technology to the region, and work closely with them to ensure their success with the support of our market know-how, technical experts and advanced facilities.

Representation & Strategic Partnership

Established in 1990, the Sigma Enterprises Company is an equipment and services provider to the Oil & Gas industry focused on building OEM partnerships, business relationships with principals, and joint ventures through a selective process based on a long-term strategic vision with currently more than 50 exclusive agency agreements from the world's leading energy sector service providers.

Oilfield Services

Established in 1994, Sigma Specialized Inspection is a provider of full range of Non-Destructive Testing [NDT], specialized inspection services, drone inspection and working at heights services to the energy, maritime, petrochemical, power generation and utility sectors.

A drilling fluids and completions company serving the oil and gas industry since 1992. Petrochem Performance Chemicals [PPC] provides technical solutions in drilling fluid systems, specialty chemicals, equipment and associated services. Maximizing wellbore value and delivering operational excellence and cost efficiency is PPC's chief service provision goal.

Engineering & Specialty Chemicals Manufacturing

An engineering services, fabrication and local manufacturing serving the energy sector since 1996. Sigma's in-house manufacturing facility is fully accredited to design, engineer and fabricate a full range of products based on customer requirements.

A specialty chemicals manufacturer serving the oil and gas industry since 1989. Sichem's expertise includes drilling fluids, production and specialty chemicals - all manufactured at Sichem's Abu Dhabi-based production facility.

Partner of Choice

We are proud of our strategic partnerships with many of the world's most respected energy sector specialists.
